E-Mail : info@jlahydro.be

References list - JLA electronic regulators

Ref. Nb	Customer	Country	Regulator ref.	Regulation type	Turbine type
1	Haxaire	France	n.a.	Water flow regulation for grid-tied operation (water level regulation)	Cross-flow JLA 29 runner
2	Leroy	Belgium	n.a.	ELC - Electronic load controller for 3-phases synchronous generator	Horizontal Francis
3	Dony sprl I	Belgium	JLA 11-V-2	Synchronization system for grid-tied operation (asynchronous generator) + Trashrack automation	Cross-flow JLA 29
4	Centrale de Nyakabanda	Rwanda	JLA 11-V-2	Water flow regulation for isolated site (speed regulation)	Cross-flow JLA 29
5	Willot JLA	Belgium	JLA 11-V-1	Synchronization system for grid-tied operation (synchronous generator - cos phi regulation) + water flow regulation for water level regulation	Vertical Francis
6	Johnsen	Australia	JLA 11-V-2	Water flow regulation for grid-tied operation (water level regulation)	Cross-flow JLA 29
7	Centrale d'Antétézambato	Madagascar	JLA 11-V-2	Water flow regulation for isolated site (speed regulation)	Cross-flow JLA 29
8	Centrale Zoude s.a.	Belgium	2x JLA 11-V-1	Synchronization systems for grid-tied operation (two asynchronous generators) + Water flow regulation (water level regulation) + Remote control + Automatic computer data archiving + Trashrack automation	Cross-flow JLA 52
9	Dony sprl II	Belgium	JLA 11-V-2	Synchronization system for grid-tie operation	Cross-flow JLA 29
10	Colorado de Mayari	Cuba	JLAR-ELC-27TP	ELC - 27kW Electronic load controller for 3-phases synchronous generator	Pelton
11	Omkoi hydro power station	Thaïland	JLAR-ELC-VC-136TP	ELC - 36kW Mixed regulation "water flow + load" for 3-phases synchronous generator	Cross-flow JLA 29
12	La Cabane du Petit Mountet	Switzerland	JLAR-IGC-12TP	IGC - 12kW Induction generator controller for 3-phases induction generator	Pelton
13	L. Marchesani	France	JLAR-IGC-9SP	IGC - 9kW Induction generator controller for 1-phase induction generator	Cross-flow JLA 29
14	Guanayara	Cuba	JLAR-ELC-30TP	ELC - 30 kW Electronic load controller for 3-phases synchronous generator	Pelton
15	Moulin de La Hogue	France	JLAR-IGC-18SP	IGC - 18kW Induction generator controller for 1-phase induction generator	Cross-flow JLA 29
16	Le Mouliot	France	JLAR-IGC-9SP	IGC - 9kW Induction generator controller for 1-phase induction generator	Cross-flow JLA 29
17	M'Bayo	D.R. Congo	JLAR-ELC-30TP	ELC - 30kW Electronic load controller for 3-phases synchronous generator	Cross-flow JLA Kit
18	Grand Séminaire de Kabwé	D.R. Congo	JLAR-ELC-VC-45TP	ELC - 45kW Mixed regulation "water flow + load" for 3-phases synchronous generator	Cross-flow JLA 29
